NATIONAL UNIVERSITY OF COMPUTER AND EMERGING SCIENCES
(KARACHI CAMPUS)
FAST School of Computing
Spring 2023

Project Proposal: **[AirFast]**

Abstract:

[This program will feature an airline booking system for an airline called AirFast. It will have two destinations, one domestic and one international. Each location will have multiple flights in the span of three days, a seat can be booked in a flight, a booking can be changed (early or late) and a booking can be cancelled.]
